

WORKPLACE MAPPING WORKSHEET

Organizing is a map of trust, not a list of names. Chart it honestly. Keep it on paper.

HOW TO USE THIS

- 1 List everyone in your workplace or department, not just the people you like.
- 2 Rate support honestly: 1 = strong supporter, 3 = undecided, 5 = strongly opposed.
- 3 Update this sheet after every conversation. The map is only useful if it's current.

!! PAPER ONLY

Never fill this out on a work device, work account, or cloud service. Keep it at home.

Name	Team	Who do they trust?	Support 1-5	Next conversation
